New article numbers from November 2022

We are continuously expanding our Elring - Das Original portfolio, the 6-digit numeric article number is no longer enough!

For the upcoming year we will switch from a numeric article number to an alphanumeric one for new products.

The first character of this alphanumeric article number will always be a letter, but the 6-digits structure still remains. Of course, the old article numbers for already existing products are still valid and stay unchanged!
